

Perth Wildcats Skills Clinic

We were very pleased to have a Perth Wildcats Clinic held at Camboon, as part of our partnership with Hawaiian. This opportunity allowed for up to 30 students to attend to meet Wildcats players and learn some great new skills and tricks.

The Schools Program by Hawaiian aims to provide support to schools that need it, and develop and maintain long-standing partnerships with local schools that positively impact students, parents and teachers.

We would like to thank Hawaiian for their support and this great opportunity for our students.
