Year 4 assembly

What a fabulous assembly the two year 4 classes presented. Although I was unable to attend, I heard all about their fabulous poems. I also understand that they were so prepared, and presented the 3 poems with fantastic enthusiasm. Congratulations.

Children's University

It is wonderful to see so many students from years 4-6 who are either continuing or joining Children's University so that they can increase their learning opportunities through the program. I look forward to seeing all the amazing learning that students will do and also to enjoying the graduation ceremony at ECU again.

Connect

Some parents have mentioned that they have difficulty reading/opening the Connect notices and being able to "View notice." I have sought advice from the Department of Education and they have advised that on the Connect Now app, you can set Push Notification and then swipe to see images and access attached files without having to log in. If you are having any issues using Connect, please come to the office where we will happily help you. Communication is vital and Connect allows us to do this easily and quickly and we want everyone to be able to use it.

Hand, foot and mouth disease

There has been a confirmed case of hand, foot and mouth disease within the school community. Hand, foot and mouth is a common, acute, viral infection. Symptoms include fever, vesicles (blisters) in the mouth and on hands and feet. If your child is unwell and has these symptoms, we suggest that you seek medical advice, and if confirmed, please notify the school.

Before School

We recommend that students arrive at school around 8.35am to allow 15 minutes in class to get organised for the day. If students arrive earlier, they should report to the deputy principal (in the undercover area), where they will undertake a supervised activity until the handbell is rung at 8.35am. We request that students do not arrive at school prior to 8.20am as we cannot guarantee supervision.

AUSSIE OF THE MONTH

The Aussie of the Month Award is a West Australian primary school based award program which has been in operation for over ten years, with the participation of hundreds of schools across the state. Like all of our awards the 'Aussie of the Month' recognises personal endeavour, achievement and contribution to the community. The awards also reflect some of the values we share as Australians, a sense of fair play, generosity of spirit, commitment to community, participation and a real concern for the environment.

Congratulations to our March Aussie of the Month recipient

I wanted to share with you some pictures of what our amazing students have been doing at Camboon Primary School Creative and Tinker Clubs this term... Your children are amazing!

Angkor Project

As you may be aware, Camboon Primary School is a part of the Angkor Project. The Angkor Project is a project that involves Western Australian Schools adopting Sister Schools in Cambodia. Schools involved in the Angkor Project commit to fundraising throughout each year to support their Sister School. Camboon Primary Schools Sister School is called Amphet Phnom PS. Over the past 5 years the Camboon community has raised over \$6000 for Amphet Phnom PS. This week we received an update that our fund-raising has contributed to the construction of basketball courts. Thank you to the Camboon community for your support.
